BRIEF ABSTRACT OF LETTER

Requests Government to have the Dispensaries (Ayurvedic & Unani) in Mysore City by experts like Capt. Srinivasa Murthi Madras School of Medicines and steps as to be suggested by Capt Srinivasa Murthi

NOTES AND ORDERS

The proposal of the M.C is to invite Capt Srinivasa Murthi of Madras to overhaul the Ayurvedic colleges and dispensaries and a competent Unani physician to be suggested by the Captain, to overhaul the Unani College & Dispensaries in Mysore city. The financial aspect of this proposal is not intimated by the M.C

File No. 203-33

FILE HEADING.

Reversion of Mr. L. Ramakrishnaiya principal of the Ayurvedic and Unani College to the Medical Dept and Consequential arrangements in the College

FROM

The Mysore Commissioner in Bangalore

No. 1084/32-33 Dated 10.10.1933 Received 13.10.1933

| Diary No. 403 | Enclos. | Spare copies | Serial No. 2 |
|---|---|---|---|

BRIEF ABSTRACT OF LETTER

With reference to the G.O. dated 13.8.1930, requests sanction to the appointment of Mr. Sitaram Sastry as principal of the College in place of Mr L. Ramakrishna Rao who has sought permission to relert to the Medical Dept and who has applied for 4 months' privilege leave.

NOTES AND ORDERS.

The Mysore Commissioner has stated that Mr. Sitaram Sastry's permanent place is in the Ayurvedic and Unani College to which he will revert if Mr Ramakrishnaiya goes back to the Medical Dept. He also states that as the latter Dept can offer no fitting or more qualified substitute, he finds ~~no~~ hardly any choice

NOTES—First Sheet

WD 02552—GPB—5,000—10-7-30

Reversion of Mr Ramakrishnaiah to the Medical Dept

in the matter except to recommend Mr Sastry's appointment as principal of the College on his own pay i.e. Rs 100 plus Rs 20 p.A with an allowance of Rs 50 p.m.

2) The arrangement now proposed is intended to be tentative pending any other arrangements that may be found necessary eventually.

3) As regards the grant of furlough privilege leave to Mr Ramakrishnaiah the question has to be considered in the G.M. Branch (Medical Section) on the recommendation of the Senior Surgeon after his reversion to that Dept is approved by Govt.

4) The only point for consideration and orders in this case is the reversion of Mr L. Ramakrishnaiah to the Medical Dept, as his term of appointment as principal of the College Rajahmundry for 3 years expired on 4.9.37 and the appointment of Mr Sitarama Sastry in his place on Rs 120 + 50 allowance p.m. Point for orders.

C.58-1/28.10.33.

8/ I visited the Ayurvedic College, the Ayurvedic Hospital, and the Unani Hospital in company with the Muzarai Commissioner, Mr. N. Madhava Rao and the Vice President, Mr. B.T. Kesava Iyengar on 5th October 1933.

9/ The memorandum of the Muzarai Commissioner very clearly explains the existing situation and suitable suggestions have been made, with most of which, I agree.

10/ It is quite essential that the administrative control of all the three sections of this institution viz:- the Ayurvedic College, the Ayurvedic Hospital and the Unani Hospital, should be vested in one Officer, if proper co-ordination has to be secured. The present Principal, Mr. Ramakrishna Rao, is an experienced Officer and it is not possible to find another officer in the Medical Department who will regard the indigenous systems with the same amount of sympathy. He may continue as the Principal until a more suitable man trained in both the Allopathic and Ayurvedic systems becomes available. But it is necessary that he should forthwith be entrusted with Administrative control of all the three sections.

11/ There are at present only four men who have been trained in both these systems of medicine:-

1. Mr. Seetharama Sasthry, M.B.B.S., and Ayurvedic Visarad.
2. " Lakshminarasirha Sasthry, L.M.P. and -do-
3. " Hussain Sheriff, L.M.P. and Unani Hakim
4. " M.S. Subramanya Sasthry, L.M.P. and Ayurvedic

Of these, Mr. Seetharama Sasthry was at first employed in the Ayurvedic College, but on account of certain internal differences of opinion, he was removed from that Institution.

12 Mr. Lakshminarasima Sasthry is now in charge of the Ayurvedic Hospital. Mr. Hussain Sheriff is in charge of the Unani Hospital and Mr. Subramanya Sasthry is still unemployed.

13 In my opinion, the proper sphere of work for all these four men is the Ayurvedic College and the Hospitals and not either the one or the other as at present obtains.

14 Under the existing arrangement, the men who teach Ayurveda and Unani do not work in the Hospitals and vice versa. The lectures are thus left uncorelated with the practice in the hospitals and the full value of the instruction is therefore not derived. I think that Mr. Seetharama Sasthry should be taken back to the College and Mr. Subramanya Sasthry also should be appointed. The duties should be re-arranged and adjusted so that each officer has duties in the College as well as in the Hospital. They should all be under the disciplinary control of the Principal, who should co-ordinate the work of the different sections.

15 Two or three scholarships may be given to men who are proficient in one system to be efficiently trained in the other systems.

16 The existing Managing Committee should be re-constituted; only men who are proficient in one system of medicine or the other being nominated as members.

Serial No.

17 The Principal may continue to be the Chairman, but the Professors of Medicine and Pharmacology of the Medical College should also be members of this Committee, so that some attempt at rapproachment between the indigenous and allopathic systems may be brought about, and full oppurtunities given for testing the more useful indigenous drugs on modern scientific lines.

18 A Board of Visitors, consisting of about three or four respectable and interested gentlemen may also be appointed as suggested by the Muzarai Commissioner to visit this institution from time to time and offer suggestions for the more efficient working of this institution.

19 The rooms in the Ayurvedic College are far too large for the small classes that are held in them. It would certainly be advisable and advantageous to remove the Unani Hospital to the Ayurvedic College buildings, one half of which could be used for the College and the other half for the Unani Hospital and dispensary. This may be done as soon as a few out-houses are constructed at the back of the Compound to accommodate the pharmacy and kitchen.

20 In conclusion, I may state, that if it is not very expensive, Captain Sreenivasa Murthy may also be requested to examine the institution and suggest any improvements he may think necessary.

27-10-1933.

S. Subba Rao
Senior Surgeon.

FILE HEADING.

Reversion of Mr. Hussain Sheriff, unani Teacher, from the A & Y. College to the Medical Dept

FROM

The Mulgirai Commissioner, Shimoga

No. C 1259 Dated 17 October 1933 Received 21 Nov 33

| Diary No. 1441 | Enclos. | Spare copies | Serial No. 13. |
|---|---|---|---|

BRIEF ABSTRACT OF LETTER.

Requests in the circumstances stated for the reversion of Mr. Hussain Sheriff to the Medical Dept and for advertising the unani teacher in the A & Y.

NOTES AND ORDERS.

Mr Hussain Sheriff was a Sub-Assistant Surgeon III class on a pay of Rs 50-5-100 in the Medical Dept and on the recommendation of the Mulgirai Commr. he was appointed as a unani teacher in the Ayurvedic and unani college, Mysore, on a

NOTES—First Sheet.

General and Revenue Secretariat — Misc File No. — of 1933.

Serial No.

pay of Rs 100 p.m. on probation for one year as he possessed both Unani and Allopathic qualifications. (Vide Govt order dated the 5th September 1930). The period of his probation was over by about September 1931. On 30th September 1931 the Director of Unani Medicine made a recommendation to the Govt for appointing Mr. Husain Sheriff as Senior Hakim and Superintendent of the Unani Hospital on a pay of Rs 100 plus Rs 25/- allowance p.m. in the vacancy caused by the retirement of Mr. Syed Mustafa Sab. His proposal which at his request has been kept in abeyance for some time, was reiterated in his letter of 4th December 1931 and finally orders were passed in the G.O. dated the 24th Dec. 1931 sanctioning the M.'s proposals. The M.'s final and specific recommendation about Mr Sheriff is contained in para 3 of his letter dated 4.12.1931. Mr Sheriff is continuing in this new appointment drawing Rs 100 plus Rs 25 allowance p.m.

2) On the grounds that Mr Sheriff had no opportunities for the application of knowledge of allopathy in the Unani Hospital, that his request for increase cannot be granted, that his work in the Hospital has been inefficient and unsatisfactory and that his services

Reversion of Mr Hussain Sheriff to the Medical Dept

Murree File No. from the A & H. College of 1973.

General and Revenue Secretariat

with the other members of the Staff are not cordial and that certain well founded complaints have been made by the students against him, the Murree Council requests that Mr Sheriff may be reverted to the Medical Dept which only lent his services to the college and that his Vacancy may be advertised.

3/ The Senior Surgeon who was consulted in the matter is said to have replied that Mr Sheriff has no lien on his appointment in the Medical Dept for taking him back, as he has permanently transferred to the Murree college.

4/ In view of the facts that Mr Sheriff was appointed in September 1970, as Nursing Teacher on Rs 100/- on probation for one year, that in September 1971 on the expiry of his period of probation, he was recommended to be appointed as Superintendent of the Nursing Hospital on Rs 100 plus 25 in the permanent Vacancy caused by the retirement of Mr Syed Mustafa Sab and that this recommendation was finally saved by GOVt in December 1971, it may perhaps be inferred that Mr Sheriff's services were transferred permanently to the A & H. College, so as to

Reversion of Mr Hussain Sheriff

[App. F. III—2

eneral and Revenue Secretariat — Misc File No. — of 19.

Serial No.

remarks his lien in the Medical Dept at least from December 1931, the date of the said Govt order. In this view of the case, the Senior Surgeon's opinion that Mr Sheriff having been permanently transferred to the College, has no lien in the Medical Dept to be reverted to, it seems to be tenable.

5/ Besides, in his (unofficial) opinion in his inspection notes on the college in the matter of the M.C's proposals for overhauling the Medical college, the Senior Surgeon has indirectly suggested the continuance of Mr Sheriff in the College only.

6/ The recommendation of the M.C is subject to orders.

DS 1/11

7 The Comptroller may perhaps be asked to state whether the opinion of the Govt. or of the S.S. re the lien of Mr Hussain Sheriff in the medical Dept is correct.

3/11/33

Yes.

It is better that the Government write through the the Residency to the Government of Madras and ascertain if they will permit Captain Srinivasamurti to undertake the work and if so on what terms.

38 The reversion of Mr. Hussain Sheriff from the College is very necessary in view of his unsatisfactory conduct reported by the Vice President. It is enough if the Senior Surgeon could lend the services of a Sub Assistant Surgeon who can teach Anatomy in Urdu as the other subjects are taught by Hakims. But if the Medical Department cannot give a substitute, the post may be advertised and applications called for.

39. An estimate has been called for from the Vice President for the alterations and additions required for shifting the Unani Hospital to the College building and the same is awaited.. The Vice President has been requested to expedite his reply.

40 As regards the scholarships, the Committee have resolved in their meeting held on 13th January 1934 (extract enclosed) that six scholarships of Rs 50/- each may be instituted. A recommendation has been since received from the Vice President. The proposals will be examined and a separate recommendation made to Government.

SIR,

I have the honour to forward herewith the notes of inspection of the Ayurvedic and Unani Colleges and Hospitals in Mysore City last month in company with the Vice President of the Institutions Mr. B.T. Kesava Iyengar. A perusal of the notes will disclose the present unsatisfactory condition of these Institutions and if they are to be set right and the Government are to have any return for the sum of Rs.40,000/- now being spent yearly on them, it is imperative that the ----- colleges and Dispensaries should be overhauled by an expert. For this purpose we cannot do better than ask for the services of Capt. Srinivasa Murthi, Head of the Madras School of -------

Medicines,
P.T.O.

edicines, who it is believed will gladly [illegible] this work. A competent Unani physician will [illegible] be similarly invited for overhauling the Unani section. Possibly Capt. Srinivasamurthi will be able to suggest the name of a competent person who is skilled both in -- European and Unani Systems of Medicine or else can suggest people like Dr. Ansari. I request that this proposal may be sanctioned. I am taking action in so far as I can to remedy the other defects noticed.

I have the honour to be,

Sir,

Your most obedient servant.

Director of Agricultural Commissioner

Memorandum on the inspection of the Government Ayurvedic and Unani College hospitals.

The reorganisation of the College as sanctioned in Government Order No.563-5/Fus.563-26-19 dated 1st January 1933. The College consists broadly of three sections, the College proper and the Ayurvedic and Unani Hospitals with the staff attached thereto. I visited them on Sunday, the 30th July, 1933, in company with the Vice President of the College Committee, Mr. S.T. Kesava Iyengar, with a view to study the working of the institutions since the reorganisation and the measures necessary to improve them. After inspection, the subject was discussed with the Vice-President and the Principal of the College. The following measures seem to be necessary to make the College really useful.

1. Co-ordination of the three sections:-

The present arrangement of treating the hospitals as independent Units over which the Principal has no control (vide G.O.No.760-62/Fus.387-29 dated 2nd October 1930, has not worked satisfactorily. In the first place, there are some students and Makims in the College who have nothing to do with the hospitals, and do not therefore visit them, there are doctors who are appointed solely for the hospitals and do not thereby teaching work in the College, while the few that have office in both institutions have all importance to hospital work to the detriment of the college work. For the students there is a divorce between the College lessons and the hospital work. In the second place, the Principal who is naturally the best-suited officer, feels slighted that he has no control over the hospitals over which a large sum of money on recurring, and three is spent annually. It is not necessary to remove this disability of the Principal as he alone will be responsible that his status requires to be accorded also professional check on the expenditure in the hospitals, without this he

better arrangements for the hospitals may be made. The following readjustments are proposed:-

(a) The principal who is to be a medical graduate (allopathic) preferably with a Diploma in Ayurveda or Unani system of medicine should be the head of the College as well as of the two hospitals and should be fully responsible for the proper and economic expenditure of all the three sections. The hospitals are mere adjuncts to the College, serving as practising ground to students and this object will not be achieved unless both are under one controlling and co-ordinating authority. The principal, if he is not versed in any of the indigenous systems, will take charge in the College, allopathic subjects like anatomy, physiology, midwifery etc.,

(b) There should be in charge of each hospital a physician - called the Superintendent of the hospital as hitherto combining an L.I.P. Diploma with a Diploma in Ayurveda or Unani. He should be responsible to the principal for the harmonious working of the Out-patient Departments and In-patient Wards, and run the Institutions under the general guidance and instructions of the principal, besides being the Head of the particular section in the College.

(c) There should be no separate staff of Vaidyas for hospitals. The whole staff should be treated as one unit working in the College and every Vaidya or Pandit should have a chance of supervising the Pharmacy and prescribing for patients by turns. The rotation should be arranged by the principal. This will facilitate each Pandit or Vaidya to give the students a practical training in the subjects he owns.

11. Location of the Hospitals:-

The Hospitals are to be located in centres where there is want of accommodation. The Ayurvedic hospital is a one-storied and the Unani hospital is proposed. The location of one and the subordinating of both to the College and the hospitals will afford better medical facilities for

practical training to students.

Now that the construction of the first floor to the College is completed, the building has ample accommodation. Some philanthropic gentlemen have promised liberal contributions towards the construction of the Ayurvedic Hospital building in the Vani Vilas Road, but they are not agreeable to the shifting of the Hospital to the College premises. Proposals and estimate have already been submitted to Government. In view of this circumstance, it is not expedient to shift the Ayurvedic Hospital to the College building. But the same objection does not apply to the Unani Hospital. The College building is situated in what is essentially a Mahomedan locality and is contiguous to Mandi and Lashkar Mohallas, and no inconvenience or dislocation of work is likely to be caused by removing the Unani Hospital and the In-patient ward from Doddet to the College building. A few minor alterations in addition to the construction of a few rooms in the College compound for the kitchen and preparation of medicines are all that are needed. The cost which is not likely to be heavy, may be met from the closing balance of the Chattram Savings Fund. The Vice-President has been requested to submit the necessary estimates early.

111. Construction of a Dissection room.

There is at present no facility for giving practical instruction in Anatomy in the College. Formerly, the students of the College were at least admitted to witness the post mortem examinations conducted in the Krishnarajendra Hospital. Latterly even this permission has been withdrawn. Without an adequate knowledge of the structure of the human body, no medical education can be considered of any value. It is therefore of the utmost importance that necessary convenience should be created for dissection work in the Hospital itself under the supervision and direction of the Principal. The Vice-President has been requested to send up proposals for equipping the College with this necessary adjunct and construction of a dissection

[illegible] ; [illegible] ; [illegible] ;
[illegible] would [illegible].

IV. [illegible]

There is no doubt that [illegible] section, but [illegible] co-ordinate [illegible] social [illegible] colleges. At, the [illegible] section, the [illegible] standard [illegible] to [illegible] very poor. [illegible] to the [illegible] force, [illegible] candidates to be [illegible] section should possess the following minimum qualifications:-

(i) [illegible] secondary standard.
(ii) [illegible] to the S.L.C. standard, and
(iii) [illegible].

This standard of qualification should [illegible] selected for [illegible] talents even [illegible] time, so that [illegible] have nothing to look forward, [illegible] for [illegible] service [illegible] teaching profession [illegible] together. It is necessary that a really high standard should be fixed and adhered to. Students who have passed [illegible] Secondary examination with English as second [illegible] and who have a tolerably good knowledge of Arabic or who have passed S.S.L.C. with Urdu as second language should alone be recruited with the object of attracting qualified students, the Vice-President proposes that the rate of scholarship may be raised from Rs.12 to 15, the number being reduced proportionately to keep the total cost at the present level. This [illegible] will be given a trial.

V. [illegible] of staff.

The general educational qualifications [illegible] staff of Pandits and [illegible] are [illegible], have led [illegible] exceptions. Many cases that [illegible] to be [illegible] standard of efficiency and [illegible] of [illegible] can be [illegible] to [illegible] members of the [illegible]

duly qualified persons to the appointed posts. It is not [illegible] expedient nor possible to replace all of them at once. But it should be kept in view to act up to whenever a opportunity arises and with this object, some medical men should be [illegible] trained so as to take a place on the staff of the College when called upon to do so. With a view to encourage the study of Ayurveda and Unani systems of medicine on modern scientific lines and increase the popularity for the indigenous systems and to investigate the comparative merits of the two systems and the methods of treatment adopted in the several systems, Government in their order G.O.3946-49/Med.40-17-3 dated 25rd August 1918 instituted the grant of scholarships tentatively for a period of three years. The opportunity was not fully availed of as the Medical College in Mysore had not then come into existence and graduates in the western system of medicine with adequate knowledge of Sanskrit or Ayurveda Vidwans or Unani Hakims, possessing the general educational qualification in English of the required standard were not easily available. The Scheme may very well be revived. As a first step, 6 scholarships may be instituted, 3 for the study of Ayurveda and Unani systems of medicine by Medical Graduates of the Mysore University, and 3 for the study of the western system of medicine by Ayurveda Vidwans or Hakims. The cost can be met from the closing balance of the Chaturvedi Savings Fund.

VI. *Pay and powers of the Principal.*

The present Principal, Dr. Nanjundiah, is a first-grade Assistant Surgeon with an allowance of s.50/- per mensem. He has been asking to be sent back to the Medical Department. If efficiency is to be maintained, it is necessary that a [illegible] medical officer with good administrative capacity should be appointed as Principal, the tenure of office being fixed at 5 years instead of 3 as at present, and the pay and the allowance in the College should be made sufficiently attractive. It should be raised to s.1500/- Medical [illegible] to this institution have a free

of in their own departments and that their prospects would be jeopardised. The allowance proposed should therefore be the minimum, I would even raise it to Rs.150/- and secure a ready good man each time.

Also, the powers of the Principal must be enlarged. Government Order No.1071-5/Muz.98-28-6 dated 5th December 1928, the powers and duties of the Vice-President, subject to the general control of the Muzrai Commissioner, and those of the Principal were defined. Since then, the work of the College considerably increased, and In-patient wards have been added to the two Sections of the Hospitals. This has thrown much additional work on the Vice President who has multifarious other duties as President of the City Municipal Council,. The Vice President should be relieved of all routine work by giving full control to the Principal. The Vice President has been requested to submit proposals for further decentralisation of powers and duties.

VII. Pharmacy Section.

The Pharmacy section where medicines are prepared should have no connection with the dispensary agency and the accounts of the Pharmacy should be separately kept, the medicines required for the Hospitals being obtained on regular indents and the accounts adjusted out of grants earmarked for medicine. The accounting is all right in the Ayurvedic Hospital, and the same system should be adopted in the Unani Section also. The accounts of the latter both in the Pharmacy and the Stores should be maintained in English, so that the Principal and other higher officers may be able to check them. It is stated that the Pharmacy clerk in the Unani Hospital does not know English. He must be replaced by one who knows both Urdu and English. All the medicines prepared in the Pharmacy should be transferred to the Hospital Stores at prices fixed by the Superintendents from time to time, and the superintendent of the respective section should advertize to the public the availability of the medicine

so as to attract sales. The loss to the hospitals should be at the same rates of prices and should be debited to the hospital funds and the equivalent from the sales to the ------ hospitals and the outside public will form the subject matter.

## VIII. College Committee.

It was represented that the Committee for admission was not representative inasmuch as it did not consist of gentlemen versed in Ayurvedic and Unani systems of medicine. The addition of a few more Pandits and Hakims would be of some advantage. The Vice-President has been requested to suggest the changes and additions in the personnel of the Committee.

## IX. Boards of Visitors.

The Vice-President also proposes the appointment of Boards of visitors to visit the Ayurvedic and Unani Hospitals, both to the Out-patient and In-patient wards, and ascertain by personal enquiries the medicine, diet etc., given to the patients. As the opinion of non-official visitors would be of great use in remedying defects, the Vice President has been requested to draw up proposals in this behalf.

## X. Technical scrutiny.

In addition to the measures above proposed, it would be advantageous to have the working of the institution and the ----- curricula examined by an expert. We may invite Captain Sprawson Furth, principal of the Government School of Indian Medicine, ---- Madras, who combines a thorough knowledge of Allopathic and --- Ayurvedic systems of medicine and has reared up and is now ---- ing one of the premier institutions in South India, to inspect our institution and make suggestions for its improvement. It is understood that he is willing to undertake this work. As ---- regards the Unani section too, he might be able to give us ----- valuable suggestions as Unani section is also attached to the Madras school of Indian Medicine. We will also be able to ---- suggest to us the name of a competent physician to be appointed

both Allopathic and Unani systems of medicine and from time to time invite later for similarly overhauling the Unani section. The extra cost may be met from the closing balance of the Chattram Savings Fund.

A. Finance.

The amount required for the improvement of the College and hospitals may be met from the Chattram Savings Fund which has a heavy closing balance. The amount set free by the abolition of Annachattrams cannot be utilised to better purpose than the improvement of the Ayurvedic and Unani College and the hospital attached thereto. We are now spending every year over Rs.4000 on these institutions and it is my belief that we are not getting full value for the expenditure. It is therefore urgently necessary that the institutions should be overhauled by experts as suggested above and necessary improvements effected.

Forest Commissioner.

*Muzrai Commissioner in Mysore.*

To

A. N. Raghavachar, Esq., I.A.S.,
*Secretary to the Government of His Highness the Maharaja of Mysore.*
Finance Department.

SIR,

I have the honor to state that Mr. L. Ramakrishna, M.B., Assistant Surgeon, who was appointed Principal of the Ayurvedic College, Mysore, in G.O. No. 328-30/ Miz. 237-3[illegible] dated 31st August 1930 and whose term of appointment expires on 4th Sept. [illegible] 1935. has sought permission to revert to the medical department and had applied for privilege leave for 4 months. The Surgeon General was requested to suggest another suitable officer for the place and states in his letter dated 11th April 1933 (copy enclosed) that there is no medical officer who is either qualified in Ayurveda or is willing to take up the post excepting Mr. Ramakrishna Sastry who combines a medical degree and a diploma in Ayurveda.

2. In view of certain irregularities committed, and of the mismanagement of the funds of the institution which led to the previously placed in charge of it, I have considered the question whether it would be desirable to re-post him to the College. But I find that there is hardly any choice in the matter. Mr. Ramakrishna Sastry's permanent place is in the College to which he belongs and if Mr. Ramakrishna does not go back. [illegible] medical department can offer no willing or more qualified substitute. I therefore recommend that Mr. Ramakrishna Sastry may be appointed Principal of the College on his own pay [illegible] and that the necessary arrangements [illegible] may be made to relieve him of the charge

Mr. Ramakrishna Rao may be permitted to go on leave from the date of his relief by Mr. Sitarama Sastry.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Letter C.No.3584-1 dated 11-1-35 from the Senior Surgeon with the Govt ment of Mysore to the Mzdal Commissioner in Mysore.

---

With reference to your letter .1031/32-33 dated the 30th March 1933 requesting me to suggest the name of another Medical Officer in place of Dr. T. Ramakrishna Rao, Assistant Surgeon and Principal of the Ayurvedic College, Mysore, who wishes to revert to the Medical Department, I have the honour to state that there is no Medical Officer who is either qualified in Ayurveda or is willing to take up the post of the Principal, Ayurvedic College, Mysore, barring Dr. Sitarama Sastry, L.P., P.S. This officer is the only Medical Graduate who has a dual training firstly for a Diploma in Ayurveda and secondly for a University Degree in Medicine and I think his services can most profitably be utilised in the Ayurvedic College. Given facilities he can be expected to initiate research work in the Pharmacology of the indigenous drugs and I need hardly say that this is by no means an insignificant consideration

I may, in this connection, invite reference to G.O. No.Edl-30/ Mz.337-3-2 dated 13th August 1930 directing that Dr. Sitarama Sastry be appointed as a Medical Probationer against the vacancy caused by the deputation of Dr. Ramakrishna Rao to the Ayurvedic College. If Mr. Ramakrishna Rao reverts to the Medical Department, there will be no place ~~to~~ For Dr. Sitarama Sastry in the Medical Department and he should revert to the Ayurvedic College. As already noted there is no other officer who I can suggest for the vacancy.

For Surgeon Commissioner.

Report of the Visit of [illegible]
attached to the Government Lunatic Asylum, Yeravda
to Visc Resident on the 7th of September 1932

---

I paid a surprise visit to the [illegible] Asylum. The Superintendent was not present, [illegible] in the [illegible] Section and Part [illegible] ward Assistant, [illegible] the cook, who was reportedly the clerk, [illegible] to get articles of diet [illegible] not commenced even as late as 7-4 [illegible] It was noticed that one of the cooks [illegible] Assistant, said that out of the 13, [illegible] the Superintendent on the 17th Aug. 1932 [illegible] count, 6 being entered in the Register [illegible] boards are dirty and are being used [illegible] patients food stuff. On checking the [illegible] ~~Kapdi~~ ~~Newcase~~ mattress 1, pillow case 1, [illegible] on 5-6-32 and four [illegible]

Linen.- On the loss side are 13 [illegible] though mentioned as unserviceable [illegible] 2 new and 6 [illegible] were found in the [illegible] of these 4 were given to patients [illegible] 7 were with the Hobhouse and the remainder [illegible] charges for linen come to Rs. 7-[illegible] frequently. On the loss side of 28th Aug. 11 and on the [illegible] are not being washed frequently [illegible] them is the same set of rugs. [illegible] last time. More important [illegible] of the Hospital Manuals and [illegible] sheets whereas the ward Assistant [illegible] 13 whereas the [illegible] comes to Rs. [illegible]

Diet.- Bread and [illegible] every patient receives [illegible] patient takes it or [illegible]

f the last visit. On the 6th inst., there were only seven in, and two were suffering from bowel complaints (Dysentery and Diarrhoea) and only were given anglen oil. The diet prescribed for the day was sufficient for 5 grown persons. Besides the list of patients in-patients is 6, 7 or even purchase of milk, sugar, vegetables no rice is daily purchased. The deficiencies in diet mentioned are not written up to facilitate direct under the heads, bread, milk and sugar. The milk was examined and found to be gravity of it was found to be 1030. It was not milked on the 5th as per the contract.

Medicine.- Samples of medicinal drugs (crude) supplied by the contractor were taken and examined. They were found alright but for ginger which was brittle, on enquiry it was found that better stuff could not be had locally and was adhering to the lump of medicinal salt supplied by the contractor. When this is used for the medicine the Peon said that they wash it clean and then use it. Of course, there is some loss of weight on this account.

Samples of tendered articles of diet and drugs were not available for inspection. The Superintendent had locked his room and taken the key with him. The list of tendered rates too were not available for comparision with the rates obtaining in the market. The indent register is being written up in English by the Superintendent himself.

Patients.- Among the 4 in-patients, one, Kodandapani, 57 years old and 64 lbs. in weight was found to be suffering from consumption (T.B.), one Abdul Rahim, alias Rahimulla aged 35 retired sepoy, has been suffering from dysentry for the last 2 weeks. One Gunlapra Setty of 60 years a native of Coimbatore suffers from Dropsy and Diarrhoea (for the last 25 days). One Sebastian, a Christian young man, is an in-patient for the last 26 days suffering from Syphillis. He was being treated in the Krishnarajendra Hospital for the same complaint 3 years ago, and he stated that he received two German injections in that Hospital. The inpatients were satisfied with the medicine and diet given to them.

Building.- Flooring needs immediate repair, the owner of it is being addressed in the matter.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

No. 1165
Mcy 201-33-6

*Dated, Bangalore* 24th February 1934
26th

*From*

The *Financial Secretary to the Government of His Highness the Maharaja of Mysore.*

*To*

The Senior Surgeon in Mysore,
Bangalore.

Sir,

With reference to correspondence ending with your Unofficial No. G.C. 58-1, dated 28th October 1933 and No. G.C. 81, dated 28th November 1933, regarding the overhauling of the Ayurvedic and Unani College and Hospital at Mysore, I am directed to state that the Muzrai Commissioner considers that the reversion of Mr. Hussain Sheriff, Sub Assistant Surgeon, doing duty as Superintendent, Unani Hospital, Mysore, to the Medical Department is very necessary in view of his unsatisfactory conduct reported by the Vice-President of the College and that it is enough if you could lend the services of a Sub Assistant Surgeon who can teach Anatomy in Urdu as the other subjects are taught by Hakims, and adds that if the Medical Department cannot give a substitute, the post may be advertised and applications called for. Government agree with the Muzrai Commissioner in the above views.

In the circumstances, I am to request you to arrange to take back Mr. Hussain Sheriff to the Medical Department and to state whether a proper substitute can be lent from the Medical Department for the College in his place.

I have the honor to be,
Sir,
Your most obedient servant,

For Financial Secretary to Government.

TRW.2

No. 1042 Rev. 33-34. Office of the Muzrai Commissioner in Myso.
Bangalore dated 26th March 1934.

28

From

N. Madhava Rau, Esq., B.A., B.L.,
Muzrai Commissioner in Mysore.

To

S. Shamanna, Esq., B.A.,
Secretary to the Government of Mysore,
Financial Department.

Sir,

Subject:- Grant of Special Scholarships for Ayurveda and Unani.

With reference to para 5 of the Notes of Inspection of the Ayurvedi and Unani College, Mysore, by my predecessor, Mr. S. Hiriannaiya, and in continuation of my Un-official reply No.1084/32-33 dated 5-2-1934 in the matter of the grant of scholarships to persons who are trained in one system of medicine to be efficiently trained in other systems, I have the honor to forward herewith a copy of letter No.278 dated 31-1-1934 from the Vice President of the College Committee recommending the grant of six scholarships of Rs 50/- each per mensem to the passed students of the College and Medical graduates to study the Allopathic and Indigenous systems of medicine. The Senior Surgeon who was consulted in the matter states that it would be sufficient for the present to institute four scholarships and has also furnished details as to what period and in what institutions the selected candidates may be trained (vide copy of his letter No.2073-1 dated 5-3-1934 enclosed). But I am not sure that eligible persons will come forward to take advantage of the scholarships proposed to be offered or if they did that they could be guaranteed appointment in the College. It therefore seems to be best to let the matter lie over until comprehensive proposals are available after the inspection of the institution by Captain Srinivasa Murthy.

I have the honor to be,
Sir,
Your most obedient servant,

N. Madhava Rau
Muzrai Commissioner.

Letter No.278 dated 31-1-34 from the Vice President, Avurvedic and Unan College, Mysore, to the Muzrai Commissioner in Mysore.

---

I have the honor to state that the Muzrai Commissioner in paragraph of his Memorandum of Inspection dated 31-8-1933 suggested with a view to improve the general educational qualifications of the staff of pandits and hakims the institution of 6 scholarships, 3 for the study of Ayurveda and Unani systems of medicine by Medical graduates of the Mysore University and 3 for the study of the western ~~xx~~ system of medicine by Ayurveda Vidwans and Hakims so that vacancies as they fall due may be filled up from among these passed men possession knowledge of both eastern and western systems of medicine. The question was placed before the Ayurvedic and Unani College Committee in their meeting dated 13-1-1934 and the proposal of the Muzrai Commissioner was approved by them. As regards the source for meeting this expenditure, the Committee suggest that the cost viz., Rs 3600/- per year at Rs 50/- each per month per scholarship may be out of the Chattram Savings Fund. A copy of the Resolution No.2 (a) and (b) is enclosed for reference and I request that sanction of Government may kindly be obtained to the Committee's recommendations. It is not known whether the whole of Rs 3600/- required for one year for 6 scholarships can be made available out of the Chattram Savings Fund immediately. If this is not possible at least the amount of two scholarships one for the study of Ayurveda or Unani and another for the study of Allopathy or Rs 1200/- may kindly be sanctioned to start with.

It is requested that sanction may kindly be communicated early to enable the scheme being brought into effect from the year 1934-35. Principal's letter No.494 dated 19-1-1934 on the subject is also enclosed in original.

---

"COPY"

C. Rudrappa

For Muzrai Commissioner.

CR

Letter No.C.2673-1 dated 5-3-34 from the Senior Surgeon with the Gover ment of Mysore to the Muzrai Commissioner in Mysore.

---

With reference to your letter No.1042 dated 1st arch 1934 regarding t grant of 6 scholarships to encourage comparative study of Allopathic a m In- genous system of medicines, I have the honor to state that I am not in avour of granting as many as six scholarships. It will be seen from the letters received from the Secretary and Vice President of the Ayurvedic and Unani College Committee, that the main object of the proposal is to train some medical men in both the systems with a view to appoint them eventually as teachers in the Ayurvedic and Unani College, Mysore. I should note that there are already three candidates who have qualified themselves in both the systems and whose services are not utilised in the Ayurvedic College for some reason or other, as detailed below:-

1. Mr. A. Seetharama Sastry.

   He was an Ayurvedic Vidwan before. He was granted a scholarship and sent to Bombay to qualify himself for the M.B., B.S. He was appointed as the Principal of the Ayurvedic College, Mysore; but was found unsuitable for the post. He is now employed temporarily in the Medical Department.

2. Mr. Hussain Sheriff.

   He was a Sub Assistant Surgeon attached to the Medical Department with a L.M.P. diploma. He was deputed to Tibi College, Delni, with a scholarship and later employed in the Unani College. His services have not been approved in the Unani College and his reversion to the Medical Department as a Sub Assistant Surgeon has since been ordered by Government.

3. Mr. Subrahmanya Sastri.

   He was an Ayurvedic Vidwan deputed to take the L.M.P. diploma i the Mysore Medical School. He passed the L.M.P. examination in April 1933 and is not employed either in the Ayurvedic College or in the Medical Department, for want of vacancies.

In consideration of the facts mentioned above, I am of opinion that there is no need to grant a large number of scholarships. It will be quite sufficient if two Medical graduated holding the M.B., B.S., Degree who may have an aptitude for study in Ayurveda or Unani system of Medicine ar selected and awarded scholarships of R. 50/- per mensem each and sent to Lahore for a period of three years in case of Ayurveda or to Delhi in case of Unani. An Ayurvediv Vidwan and a Unani Hakim who may be eligible for admission to the M.B., B.S., Class may similarly be sent to the Lahore Medical College for qualifying themselves for the M.B., B.S., Degree with scholarships of R 50/- per mensem for a period of five years.

No G-C-MS-3 *Bangalore, dated the*
Enc.

From Sastravaidya Pravina
**S. SUBBA RAO, Esq.**, B.A., M.B.C.M., M.R.C.S., (Eng.) L.R.C.P. D.P.H.,
Senior Surgeon with the Government of H. H. the Maharaja of Mysore

To.

The Financial Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to para 2 of your letter No.1165/ Muz.201-33. dated 26-2-1934 stating that arrangements may be made to take back Mr. Hussain Sheriff to the Medical Department and enquiring whether a proper substitute can be lent from the Medical Department to Unani College in his place, I have the honour to state that the only person suitable for the post in the Unani College at Mysore is one Mr. Abdul Ravoof Khaleel, L.M.P., Sub Assistant Surgeon in charge of the M.I.Dispensary, Aldur. Mr. Ravoof Khaleel is willing to accept the post in the Unani College on condition that he will be given the same pay and allowances which are given to Mr. Hussain Sheriff at present and is permitted the option to revert- if he desires- to the Medical Department after a year's service in the Unani College. I am of opinion that Mr. Ravoof Khaleel may be posted to the Unani College on these terms.

2. As regards Mr. Hussain Sheriff, I shall arrange to take him back to the Medical Department as soon as the appointment of Mr. Ravoof Khaleel as Superintendent in the Unani College is sanctioned. Mr. Hussain Sheriff will on reverson to the Medical Department, be given the pay to which he would have entitled had continued in the Medical Department viz., Rs.65/- in the grade of Rs.50-5-100.

I have the honour to be,
Sir,
Your most obedient servant,

S. Subba Rao
Senior Surgeon.
